Rhonda Allison & PCA Chemical Peels

Physicians Choice of Arizona and Rhonda Allison peels both provide the optimum way to maintain the integrity of healthy skin. St. Clair Skin Care peels range from superficial to medium depth.

All peels help to tighten the skin, reduce depth of surface lines, smooth rough skin texture, treat discoloration and redness and assist in clearing acne/blemished skin - with virtually no down time! Chemical peels also help maintain the results of facial surgery or laser treatments when done on a regular basis.
