

So...any one up for a party? How about a Peel Party?

What an incredibly easy, unique & cool idea and so much fun!

Host a peel party by inviting 3-4 friends to a small, intimate get-together at your home or at St. Clair Skin Care and your guests will receive a discounted price on their chemical peel treatments.

And are you ready for the best part...
As the hostess ~ your treatments are free.
See, I told you this was cool and easy!

Just a bit about PCA Chemical Peels

PCA (Physician's Choice of Arizona) chemical peels are the best way to maintain the integrity of healthy, glowing skin. My peels range from very superficial to medium depth. All PCA peels help to tighten the skin, reduce the depth of surface lines, smooth rough skin texture, treat discoloration and redness and assist in clearing acne/blemished skin with virtually no down time often associated with chemical peels. Chemical peels also help maintain the results of facial surgery or laser treatments when done regularly.
