A Message From Marla

The New Year is the perfect time to make personal commitments to help improve ourselves. A great first step is to identify the changes we would like to make. Then establish within ourselves the determination to follow through on the changes we want to make. Here are my ten simple New Year resolutions for you to help jump-start your commitment toward great skin!

1. Know your skin type
2. Establish your daily skin care routine
3. Get eight hours of sleep each night
4. Drink plenty of water
5. Remove your makeup at night
6. Keep your makeup brushes clean
7. Exfoliate on a regular basis
8. Eat Clean - Fresh Fruits & Veggies Daily!
9. Use coconut oil on your skin after a warm shower
10. Most important - stick with the program you set up
